Cemetery Rules
Revised 6.10.2020

1. All footstones or military plaques must be flush with the ground.
2. All graves must be kept ground level, if not, the township will level the grave; flowers that are on the grave will not be replaced.
3. There should not be statues, fences, stones, gravel, mulch, flowers/plants, etc. and/or trim bricks the length of the grave. Such items are placed at the main head stone. For graves not in compliance with this guideline, once the trustees deem that the grave is no longer maintained, (meaning weeds and grass have overtaken the grave), then the trim bricks, gravel, fences, etc. will be removed in order to facilitate upkeep and the appearance of the cemetery.
4. There will be no trees or shrubs permitted.
5. Artificial flowers are permitted all year when placed on the head stone. Grave blankets are permitted at Christmas, but Christmas decorations are to be removed by March 1st of each year. Any items that are faded or worn will be removed at the discretion of the trustees.
6. Flowerpots are permitted as long as they are placed at the main head stone. The township is not responsible for damaged or stolen property.
7. All foundations must have a three (3) inch border and be flush with the ground.

The rules were established in 1994 revised in 2004, 2011, 2018, and 2020.
The Township reserves the right to correct any violation of these rules.
